FREE SAMPLE — first 3 chapters of the complete edition.

Chapter 1 — The Idea Worth Building

A business starts with a problem you can describe in one sentence. If you cannot name the customer's pain, you do not have a business yet — you have a hobby.

Chapter 2 — From Zero to Revenue

Revenue is the only proof. Ship a thin version, charge real money early, and let paying customers tell you what to build next.

Chapter 3 — Scaling Without Breaking

Systems beat heroics. Document the repeatable, automate the tedious, and protect the founder's calendar for the few decisions that matter.
